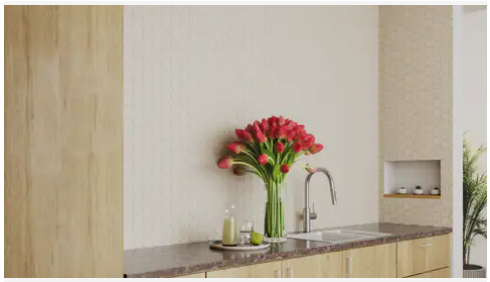
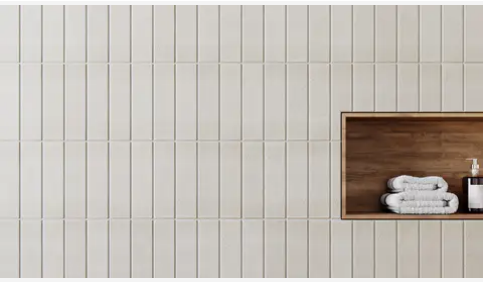
PRODUCT GALLERY





Mugi draws from the quiet landscape of wheat fields and dried grasses, translating their warmth into surface texture rather than color. Each tile captures a tactile calm that feels grounded yet contemporary, forming a cohesive system of formats designed for curated proportion. From the fine 0.5x4 stacked mosaic to the 2.5x9 rectangle, and the 2x2 square, every piece interacts with light and grout to define subtle structure across interior walls, kitchen backsplashes, and exterior settings. The round 2.75x2.75 architectural tile anchors the collection, where negative space becomes an intentional part of the composition. Finished in a resilient matte glaze suitable for floors, facades, and pool applications, Mugi invites designers to let form and material lead the visual dialogue.
