PRODUCT GALLERY

Reclaiming the beauty of small-scale geometry, Koi introduces a distinct 2.5x4.25 format with unique rectangular proportions to bridge the gap between classic squares and linear subway tiles. Rooted in Japanese streetscape architecture, this series blends traditional reference with contemporary design, offering a fresh canvas for creative layouts. Featuring a palette inspired by vibrant, shifting hues such as Olive, Sky, and Caramel, this collection invites you to bring texture, rhythm, and spirited color back into your spaces.
