PRODUCT GALLERY

We curated the Star and Cross collection not just as a tile but as a tool for architectural expression. Moving beyond the limitations of standard terracotta, this series utilizes a dense porcelain body to deliver the beloved interlocking shape with newfound versatility. The true power of the collection lies in its capacity for customization where the 6x6 Star and Cross shapes can be mixed to define specific moods. Whether pairing the stone look Glacier with Dove for a soft transition or contrasting black Night with glossy Snow for drama, the collection brings dimension and personality to spaces ranging from intimate powder rooms to expansive outdoor patios.
